## Debonaire Premium Rum Family

A world-class rum over twenty years in the making, Debonaire is a superb culmination of expertise, the finest ingredients, and passionate craftsmanship. Deeply matured Añejo rums yielded from diligently balanced crystal clear water and pure cane sugar are aged to perfection.

The result of experience and artistry is a unique family of intricately flavored fine aged rums that are certain to be appreciated by all who are fortunate enough to experience it. While Debonaire 5-year (Private Reserve) white rum makes an excellent premium quality mixer, our Debonaire full-bodied 8-year (Special Reserve), 15-year (Very Special Reserve) and 21-year (Premium Reserve) aged rums are best savored neat or on the rocks by connoisseurs of fine spirits.

Our Honey and Coffee flavored rums are aged rums with authentically delicious flavors crafted through a unique maceration process. The flavors are not forcefully infused into the spirits, instead the hand selected roasted coffee beans and natural honey are allowed to permeate the rum through a slow absorption and aging process resulting in an exquisite rum perfectly blended with the characteristic aroma and color of rich coffee or sweet honey.

## Debonaire Ultra Premium Cigars

To further heighten the exclusive Debonaire experience, We have collaborated with some of the most celebrated cigar manufacturers in the Dominican Republic: Don Emilio El Reyes, Philip S. Zanghi III, and Daniel Sinclair.

Combining their experience and devotion, they have developed the family of Debonaire Ultra Premium Hand Rolled Cigars, masterfully crafted from the finest, darkest, air cured tobacco from the most superior tobacco crops of Central America and the Dominican Republic. The result is a luxurious, velvety taste experience composed with art, passion, and science.

Enjoyed together, the resulting synthesis is nothing short of extraordinary tobacco and rum alchemy, enveloping the senses and exalting those whom experience it to the true Debonaire lifestyle.

# Tobacco, Art, Passion and Science

Debonaire Ultra Premium hand rolled cigars represent the pinnacle of more than 20 years of research and development in order to produce the finest cigar on the market today.

“The Debonaire Ultra Premium cigar was developed from deep patience, passion and respect for tradition...and only for the sole purpose of creating and experiencing the perfect cigar,” said Philip S. Zanghi III, founder of Indian Tabac Cigar Company and Daniel Sinclair, founder of Durfort Holdings and world-renowned cigar connoisseur.

With such a lofty goal as “the perfect cigar,” compromise was not an option. The Debonaire gentlemen also enlisted the expertise and resources of Mr. Emilio El Reyes, whose family has been one of the leading tobacco plantation owners in the Dominican Republic for generations.

Together they have patiently secured only the finest tobacco crops in the Dominican Republic, supplemented with premium local crop tobacco and from selected crops from South America.
